## **Flexible Solutions**

An expansive network of partners gives us a nearly unlimited ability to take on any type of shipment, including temperature sensitive and expedited ones, and deliver them into expanded geographic markets.

## **Complete Visibility**

Our state-of-the-art technology translates data into actionable insights, bringing full visibility into your transportation supply chain.

## **A+ Team**

Our highly vetted drivers and receivers (with heightened security) and our internal team are on standby when your core carriers overcommit or you need emergency recovery before or during transit.

# ***DO YOU KNOW WHAT TO DO WHEN...***

- › You are missing critical parts for a production line and have three hours to get them before the line shuts down?
- › The hospital on your route now requires a slew of regulatory forms that will delay your last two scheduled stops?
- › Your oversized load with strict safety requirements needs an escort across four state lines while having all local permits in place?
- › Your refrigerated truck carrying 1000+ pounds of temperature-sensitive poultry breaks down?

***WE DO.  
AND WE'RE UNIQUELY EQUIPPED TO HELP.***

# ADVANCED STRATEGIES FOR MOVING ANYTHING ANYWHERE, ANYTIME.

EASE offers a wide variety of solutions to move your products to their final destinations.
