

FOOD & BEVERAGE

Fresh, frozen, on-temperature, and on-time are crucial requirements for the food and beverage supply chain, where delays can lead to significant losses. EASE was built to support food and beverage shippers. Our unparalleled customer service model, ability to handle the unique requirements (including temperature controlled from -20 to 70+ degrees), and insurance coverage that exceeds industry standards make us a reliable partner for safely moving your high-value, sensitive freight.

INDUSTRY CAPABILITIES

We have proven ourselves as a one-call-away partner for the food and beverage industry by understanding the nuances of unique verticals, including:

- CPG Goods, including snack foods and energy drinks
- Nutritional Foods, including organic foods
- Cold-Chain Network
- Food Service Industry
- Quality Service Restaurants (QSR)

HOW EASE SUPPORTS FOOD & BEVERAGE

With our strategic network of food-grade providers and highly trained staff, and adherence to all appropriate protocols and requirements, we are able to handle a variety of shipping needs:

- Supplier to Distributor
- Emergency Response & Recovery
- Spot Pickup
- Retail Consolidation Services
- Adherence to FSMA protocols and requirements
- And more
